A well-designed workspace is the foundation of a happy and efficient work environment and is conducive to the smooth operation of any business. The correct choice of office furniture can also help convey your company's image and express who you are and how you like to do business.

Challenge has a vast range of custom workstation solutions available and our experienced Consultants will work closely with you to provide a tailor-made solution for your business that is stylish, functional, cost-effective and that reflects the right image for your business. Whether you're looking for a modern open plan environment or a more traditional workstation configuration, for one office or a complete floor of workstations, we have the solution to meet your needs. From initial design, space planning and colour selections through to storage, seating, accessories and final installation, our Consultants can take care of it all.

Challenge has been supplying and installing workstations and modular desking systems for over 13 years to various sites across Australia. Our in-house installation and maintenance team have developed a wealth of experience over this time to ensure we always deliver the highest quality finish to meet our customers' satisfaction and required time frame.

The range of workstations and desking we can offer is extensive and there is no limit to the choice of size, height, finishes, materials, colours and accessories available.

To discuss a custom-made solution for your workplace, please feel free to call us on 03 9583 4055.
